G1 to One® offers support if you need financial help

Your treatment can come with surprising and unplanned costs. But you're not alone in this. The dedicated G1 to One support team is here to help you get COSELA® (trilaciclib) when you need it.

How we can support you

We want to make sure that eligible patients who need COSELA have access to it.*

We can help with:

Getting started on COSELA so you can begin treatment as soon as possible with the help of your healthcare provider

Benefits investigations so that you know how much coverage you're getting from your insurance provider

Out-of-pocket assistance so that you get help paying for COSELA

Getting COSELA for people who are uninsured or underinsured so that you're able to get the treatment you need

Talk to your healthcare provider if you have any questions about how to access COSELA.

*Restrictions apply. Your healthcare provider can help you determine your eligibility.

You and your care partner don't have to go through treatment alone

There are many helpful online resources that you may find useful as you go through treatment.

Virtual communities and organizations can provide you with additional information about your type of disease, upcoming clinical trials, and even connect you with other people who have gone through a similar experience.
